Below the header, the main content area features the Johnson & Johnson logo and the text "Johnson & Johnson Vision - The New Destination For Vision Care Professionals". It shows a person applying eye drops. Below this, there is a "Sign up for free" button and a link "Already registered? Log in". The section "The Benefits of Registering" lists three items: "Streamline staff training with online learning", "Increase exposure & drive new leads", and "Easy access to ordering". At the bottom, there is a large image of a hand typing on a laptop keyboard, with the text "Order easily and ship directly to patients" and a "Learn More" link.

Getting started (cont'd): linking a practice

During the registration process, you will be asked to link yourself to the practice you own or at which you work so you can use features like online ordering. - Click on "**My Practice**" in the upper right corner of the logged-in homepage
- Next, click on "**Link My Practice**" to add your practice information
- If you are the owner of the practice account, you will see your team and practice information.

Next steps: setting up your profile

Once you have registered, your name will appear in the upper right hand corner. When you click on your name, a drop-down menu with the following options will open:
