blink[®] *Intensive*

Moisturizing Lubricant Eye Drops with Sodium Hyaluronate
Long lasting relief from the feeling of irritated or dry eyes.

blink[®] *Intensive*: An advanced moisturizing lubricant eye drop specifically formulated to provide protection and comfort for eyes that feel dry, irritated or uncomfortable.

Contents: Preserved with sodium chlorite 0.01357% w/w. Also contains boric acid, calcium chloride, magnesium chloride, polyethylene glycol 400, potassium chloride, sodium borate, sodium chloride, sodium hyaluronate and purified water.

DIRECTIONS FOR USE

- Apply 1 to 2 drops in affected eye as required.
- Blink several times to wash the eye.
- Use as often as required.
- If you wear contacts there is no need to remove them.

PRECAUTIONS

- Do not use if allergic to any of the declared ingredients.
- Do not use if the tamper-evident seal is broken or missing.
- Do not touch tip of bottle to any surface, since this may contribute to contamination of the solution.
- If irritation develops with the use of this product, discontinue use and consult your eye care practitioner.
- Replace cap after using.
- For in-eye use only.
- Always keep bottle tightly closed.
- Store at 15° to 25°C.
- Keep out of reach of children.
- Discard solution 45 days after opening.

SIDE EFFECTS

- No known side effects.
